Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: It was indicated to Ms. Potter that amending claim 20 to recite "at least 14 contiguous nucleotides" would obviate the 35 USC 102 (b) rejection. Furthermore, new claims 41-45 precipitated a 35 USC 112, first paragraph written description rejection because no structural/ functional relationship was recited in the claims.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)
